INTRODUCTION

1.1 Purpose of This Handbook

This handbook sets clear expectations for how we work together at Top Drawer Cabinetry ("TDC" or "the Company"). It exists to:

- Align our team around one standard of professionalism and performance
- Protect the Company, our people, and our customers
- Support consistent, fair decision-making

This handbook is guidance, not a contract. Nothing in it guarantees employment for any specific period or creates a binding agreement.

TDC may change, add, or remove policies at any time, with or without notice, subject to applicable law.

1.2 At-Will Employment

Employment with TDC is at-will. This means either you or the Company may terminate the employment relationship at any time, with or without cause, and with or without notice, as allowed by law.

Only a written agreement signed by the Owner can modify at-will employment.

1.3 Scope: Employees vs Independent Contractors

This handbook primarily applies to employees of TDC. Independent contractors ("1099s") are not employees and are governed by their independent contractor agreements. However, while on TDC premises or representing TDC (including driving TDC vehicles or visiting job sites), contractors must follow our safety, conduct, dress, and professionalism standards in this handbook.

“In 2027 we are a leading cabinet and stone company for general contractors and investors that empowers our customers’ growth through our high-quality product and service, resulting in over \$10 million dollars of product sold per year.”

Day to day, this means:

ABOUT TOP DRAWER CABINETRY

2.3 Our Vision & Core Values

Vision: “To support investors and contractors rehabbing the homes of America with high quality products and intentional processes to progress them towards their full potential.” Our processes, checklists, and standards exist to remove friction from our customers’ projects so they can do more work, at higher quality, with less stress.

Core Values:

- People First, Profits Second
 - We treat coworkers, customers, and vendors with respect, especially under pressure.
 - We prioritize long-term relationships over short-term gains.
 - We communicate clearly, own our mistakes, and fix problems fast.
- We Find Solutions, Not Excuses
 - When something is wrong, we own it and solve it. “That’s not my job” is not acceptable.
 - We bring problems and proposed solutions to leadership.
 - We move quickly without hiding errors; we surface issues early so they can be corrected.
- We Are Results Oriented
 - Every role has measurable outcomes: quote speed and accuracy, order accuracy, on-time delivery, cleanliness, organization, response times, and more.
 - We judge ourselves on results, not just effort or intentions.
 - We operate with a 1% of the 1% standard in everything:
 - Desks, workstations, and warehouse areas are left organized at day’s end.
 - Boxes are built, wrapped, labeled, & staged to a clear TDC standard every time.
 - After using sinks or restrooms, we wipe up water or mess and leave it better than we found it.
 - We pick up any trash or debris we see, anywhere on site, regardless of who dropped it or what our title is.
 -

If a behavior conflicts with these values, it does not belong at Top Drawer Cabinetry.
